【Product Description】

Model	
NM001	
Product	
CAT6/CAT6A RJ45 Boots S/FTP	
Interface	
Perforation Diameter : 6.5mm	
Color	
Grey/Blue/Red/Green/Yellow/Black	
Material	
Insulation material	PVC

【Features】

- VCOM RJ45 Ethernet cable cap connector boots for use with solid or stranded round RJ45 cable and connector.
- Compatible with Cat6A/Cat7 cables and RJ45, 8P8C modular plug connectors, for lan cable OD 7~8mm.
- Note: supports FTP and STP, but can not work with UTP.
- Made of high-quality PVC Soft Plastic. soft and hard moderate, stretchy enough and durable.
- Makes network cable end beautiful and dust-proof, prevent rj45 plug damage and extend the service life of RJ45 connectors
- Using different color cap, cables can be easily identified.

【Application Environment】

- Suitable for use with solid or stranded round RJ45 cable and connector.
- Compatible with Cat6A/Cat7 cables and RJ45, 8P8C modular plug connectors, for LAN cable OD 7~8mm.
- Note: supports FTP and STP, but cannot work with UTP.
- Made of high-quality PVC soft plastic, soft and moderately hard, stretchy enough and durable.
- Different color caps can be used to easily identify cables.

【Important Notice】

- Ensure proper compatibility with cable types before use.
- Do not use with UTP cables.
- Keep away from corrosive substances.
- Avoid exposure to strong electromagnetic fields.
- Handle with care to prevent damage to RJ45 connectors.
- Use different color caps for cable identification purposes.
- Regularly inspect for wear and tear, replace if necessary
